## NEWSLETTER TRIVIA

We want to encourage all residents to read the newsletter. You will find 10 questions within the newsletter. Write down your answers, along with your name and address. Bring the information to the office and drop it in the lock box. At the monthly board meeting we will randomly choose an answer sheet and if all the answers are correct, that resident will receive \$30 off the next month's maintenance. The following is the first question...

1. Name one of the items you can have on your porch?

Now find the other nine questions and bring your answers to the office!

**Employees and board members of the Homes and their family members are not eligible to participate.**

MINUTES OF THE BOARD OF DIRECTORS  
THE HOMES, INC.  
May 21, 2018

The regular monthly meeting of the Board of Directors of The Homes, Inc. was called to order at 6:00 p.m. on May 21, 2018.

Present were: Effie Barber, Todd Bothwell and Beatrice Arce, Board Members; Elizabeth Bothwell, Manager; Greg Goheen, attorney and Karen Brokesh, Transcriber. Charles Sawyer was absent.

Manager Elizabeth Bothwell announced the resignation of Bill Hodges from the Board of Directors. The current board continues to work on appointing a replacement board member.

Thirteen stockholders and residents attended the meeting.

The stockholders and occupants were welcomed to the meeting. All persons in attendance were asked to hold their questions and comments until after the finish of regular business at which time anyone who wishes to speak will be allowed to make a statement.

All attendees to state their name and address so that the minutes can accurately reflect all comments made during the open session. Everyone was asked to hold their comments until executive session or to speak with the manager one-on-one if they did not want their comments reflected in open session.

Stockholders are reminded that if they have a problem with their unit, to please report it to the office during regular business hours.

There was no work order report for the months of March and April. It will be completed and posted next month.

Minutes of the regular meeting of March 19, 2018 and March 19, 2018 executive session had previously been distributed to all board members. Effie Barber moved to approve the minutes as submitted. Seconded by Todd Bothwell. Carried unanimously. Minutes of the special executive meeting held May 9, 2018 were also distributed to all board members. Effie Barber moved to approve the minutes as submitted. Seconded by Todd Bothwell. Carried unanimously.

Treasurer Bothwell reported that he has reviewed the financial statements for the months of February, March and April, 2018 and found them to be in good order. Todd Bothwell moved to approve the financial report. Seconded by Effie Barber. Carried unanimously.

The stockholder change request approved by the manager this month is:

- 2 Craigcrest: Install 10 x 12 shed– Todd Brandl. Work will be done by other.
- 3100 N 9<sup>th</sup> Street: Install 10 x 10 x 6 dog kennel – Jesus Angel. Work will be done by self.
- 84 Viewcrest: Install circular fire pit in the backyard using retaining wall stone – Dave Werst. Work to be done by self.
- 11 Reidcrest: Remodel kitchen – William Frederick. Work to be done by self.
- 788 Manorcrest: Install 10 x 8 shed – Nalisa Herron. Work to be done by self.

5. Name one thing a dirty furnace filter will do?

The stockholder change request for board approval was that of Todd Bothwell, 835 Manorcrest, to install an 8 x 10 privacy fence panel between his unit and 837 Manorcrest. Work will be done by self. There are about ten other similar fences in The Homes to create more privacy between the units. Beatrice Arce moved to approve the change request. Seconded by Effie Barber. Motion carried with Todd Bothwell abstained.

Effie Barber read the stock transfer approvals as follows:

ADDRESS	TRANSFER FROM	TRANSFER TO
28 Summercrest	Tawanda Roletta Allen	Tawanda Roletta Allen & Wanda Loraine Clemons

After being informed that the stock transfers were in order, it was moved by Todd Bothwell and seconded by Beatrice Arce that the Corporation waive its option to purchase the shares of stock and approve transfer of same. Carried unanimously. The manager was reminded that all original signed stock certificates must be stored with the credit union if the stockholder has an outstanding loan.

*Reports and Announcements:*

The Neighborhood Watch committee announced that the BBQ grill, benches and bleachers have been installed at the soccer field. A shelter will also be built over the picnic table once it is approved by the city code department. Kids and families have been using the new items.

The VFW in Lenexa is holding an indoor garage sale on June 9 and 10, 2018 at 8800 Grant in Lenexa. The cost for a table for both days is \$10.00.

The winner of the stockholder trivia drawing for the month is 33 Summitcrest who will receive \$25.00 of next month's maintenance fee.

*Old Business to be Discussed:*

None.

*New Business to be Discussed:*

The office hours of operation have been changed from 7:30am to 4:30pm to 8:00am to 4:30pm. This will cut expenses.

The board discussed the possibility of increasing maintenance fees. There has not been an increase since September, 2016. A \$5.00 per unit increase was discussed which would be effective September 1, 2018. The board tabled the matter for further discussion at the June, 2018 meeting.

6. When is Father's Day?

Elizabeth Bothwell discussed the circumstances surrounding her termination last year and the lack of oversight and mismanagement of the office during her absence.

*Comments from Directors and Attorney:*

None.

*Comments from Stockholders:*

Shirley Elmore, 122 Viewcrest, welcomed Elizabeth Bothwell back as manager.

Sherry Davis, 56 Viewcrest, expressed her appreciation for Elizabeth Bothwell's return as manager.

## TIPS ON HOW TO BEAT THE HEAT

### Beat the heat: Drink more water

You know how important it is to stay hydrated all year round. When you're sweating a lot, either because of exercise or the summer heat, drinking enough water becomes even more important. As the CDC suggests, think of your body like an air conditioner: Whenever your body heats up from physical activity or the hot weather outside, your internal air conditioner turns on and you begin to sweat. And remember, now that your air conditioner is using its coolant (your sweat), it is important to refill the tank — by drinking lots of H<sub>2</sub>O. As with other hydration myths, water isn't your only option, but it's free and easily accessible for most of us. Even if you have to trick yourself into drink more water and learn to love the taste of it, you'll be much more comfortable if you keep refilling your water glass.

### Beat the heat: Peppermint tea mist

Brew a pot of peppermint tea, then stick it in the fridge. Once it's nice and cold, [Wonderhowto.com](http://Wonderhowto.com) suggests pouring some into a spray bottle and misting yourself with it. Better than water, the menthol in the tea will give your skin a tingly, cool feeling.

### Beat the heat: Chrysanthemum tea

Whether it's hot or cold, chrysanthemum tea is served to lower body temperature, according to [China Daily](http://China Daily). It's also been said to soothe heat rash, experts told [Natural Health](http://Natural Health).

### Beat the heat: Breathe like a yogi

Next time you feel overheated, do a few minutes of yogic breathing, recommends [Art of Living](http://Art of Living). Curl your tongue by pulling both sides upward toward the middle, then breathe in through your mouth. Hold your breath, and slowly exhale through your nose. Repeat five to 10 times.

### Beat the heat: Chill your mattress

Put soft gel ice packs on top of the mattress and underneath the sheets; try under your legs, neck, or lower back for maximum comfort. [Real Simple](http://Real Simple) also suggests freezing a cotton sock filled with rice, then slipping it between the sheets. The rice will hold a chill longer.

### Beat the heat: DIY air-conditioning

Freeze a couple of water bottles and place them in front of a floor or desk fan, and you'll enjoy a much cooler breeze with your makeshift air-conditioner. [Wikihow.com](http://Wikihow.com) advises adding salt to the water first to beat the heat longer; [Apartment Therapy](http://Apartment Therapy) skips the bottles altogether in favor of a bowl of ice water.

### Beat the heat: Aloe vera

You know aloe vera soothes sunburn, and its cooling properties also work to help you beat the heat. Blogger Crunchy Betty offers different recipes to make spray of it, combining witch hazel and peppermint oil.

### Beat the heat: Spicy food

If you're already sweating, why would you want to sweat more? Professor of food science at Penn State University Luke LaBorde offers this answer: eating spicy food increases blood circulation and makes you sweat, so you'll feel cooler as the sweat dries. Dr. Oz explains that the capsaicin in hot peppers encourages your body to sweat more without raising your body temperature.

### Beat the heat: Pressure points

Lifehacker.com solution to lower body temperature is to apply a bottle with ice-cold water on points like your ankles, wrists, back of the neck or behind the knees.

**Beat the heat: Ice-cold sheets**

Chill your bed by folding sheets and pillowcases, placing them in plastic bags, and sticking them in the freezer for a few hours, according to Mother Nature Network. Then make up the bed just before you go to sleep for sweet (and cool) dreams.

**Beat the heat: Take a cool shower**

When all else fails, take frequent cool showers to keep your body temperature down and rinse off the sweat.

**Beat the heat: Keep excessive sweat at bay**

For many of us, sweat-inducing humidity is the worst part of summer. Even if you don't have excessive sweat issues, you can get the sweating under control with a few tricks, like applying antiperspirant at night so it works more effectively and wearing breathable clothing materials, such as cotton.

**Beat the heat: Optimize your fan**

Did you know that if you face your fan out, rather than in at night, your room will stay cooler and you might be able to sleep more comfortably? Day or night, you can use a temperature controller (or build one yourself) to automatically turn the fan on or off based on the temperature and save your energy—literally. If you have a ceiling fan, run it counter-clockwise (the “summer” higher-speed setting) for optimum cooling.

**Beat the heat: Optimize your windows**

You might not need to run your air conditioner if you pay a little more attention to your windows in the summer. Close the windows and use insulated drapes to keep the sun out during the day and open them at night when the sun is down. You can also hang a damp towel in front of the window to cool the air flowing into your home and open opposing windows or windows on the top and bottom floors for maximum air flow.

**Beat the heat: Cool your car**

This trick will get your oven-like car closer to bearable temperature. Roll down one window and open and close the opposite door a few times to cool that car down.

**BPU Tips on How to Stay Cool This Summer.** Your air conditioner — including the filters, coils and fins — needs maintenance to function effectively, particularly during the hot summer months. The following tips will help you avoid a decline in air conditioning performance and increased energy use.

**Filters:** To achieve optimum performance, you must routinely replace or clean your unit's filters. Dirty filters block normal air flow, reducing efficiency, and the air that does get through will carry dirt directly into the evaporator coil, impairing its heat-absorbing capacity. Keeping the filter clean can lower your air conditioner's energy consumption by up to 15 percent. Clean or replace your air conditioning system's filter or filters at least every month or two during the cooling season.

**Coils:** Your air conditioner's evaporator coil and condenser coil will inevitably collect dirt, reducing its efficiency. A clean filter helps, but the coil should be checked annually and cleaned if necessary. Outdoor condenser coils can also become very dirty — if dirt is collecting on its fins, it should also be cleaned. Remove debris from around the coil and trim foliage back at least two feet for adequate air flow.

**Coil Fins:** The aluminum fins on evaporator and condenser coils are easily bent, blocking air flow through the coil. Use a fin comb (sold by air conditioner retailers) to return them to nearly original condition.

**Drains:** Occasionally pass a stiff wire through the unit's drain channels to remove any clogging debris.

**Window Units:** In-window units need proper sealing between the air conditioner and the window frame to keep things cool. Inspect the seal to ensure it makes contact with the unit's metal case. Also, don't forget to prepare the unit for winter by either covering it or removing and storing it.

10. What is the fine for littering?

## HELPFUL HINTS ABOUT LIVING IN THE HOMES

**PLUMBING: DO NOT FLUSH FLUSHABLE WIPES.** The pipes in our homes are over 70 years old. They do not have the capacity to wash away any other material. Do not flush baby wipes, feminine hygiene products, diapers, paper towels, Q tips, etc. The sink and tub drains are only for water disposal. Do not force items down the drains. If maintenance finds these items consistently causing a back up in your pipes you may be charged for the repair.

**SECURE YOUR HOME.** It is very important that you have a trusted family member or friend on your stock certificate or a TOD (Transfer on Death) or a will specific to your unit. If you do not then the Homes will incur legal debt proving that the Homes has equity in the unit. The Homes will have to take a financial loss because we will not receive HOA fees (Home Owner Assoc. fees – maintenance fees) for an unknown number of months. Plan for your future and the Homes future.

**PARKING:** The Homes does not have assigned parking. Please be considerate of your neighbors and their parking needs. Try not to park in a spot that is normally used by your neighbor. If you have guest, have them park in the overflow lots. **NEVER PARK IN YARDS OR COMMON GROUND.**

**YARDS & PORCHES:** Please take the time to clean up/organize your yard and porch. The size of our porches do not allow for you to keep many items on them before they start to look cluttered and messy. If you do not have a shed an affordable alternative is to store your items in a deck or patio box. They range in cost from \$30 to \$100 and can be purchased on-line or at your local discount store. Items that should not be on your porch: appliances, boxes, buckets, mops, paint containers or any other "non outdoor" items. The office offers free paint for your porch railings.

**SPEEDING.** The speed limit in The Homes, Inc. is 20 mph. It only takes a few seconds for a distracted child to dart out in the road. Please be aware and safe while driving.

**AUTOMOBILE REPAIR.** It is against the rules to work on your vehicle in The Homes. If your vehicle needs repair then you will have to take your vehicle out of the neighborhood or take your vehicle to a mechanic. Unless you are changing a flat tire you should **NEVER** put your vehicle on a jack in the Homes.

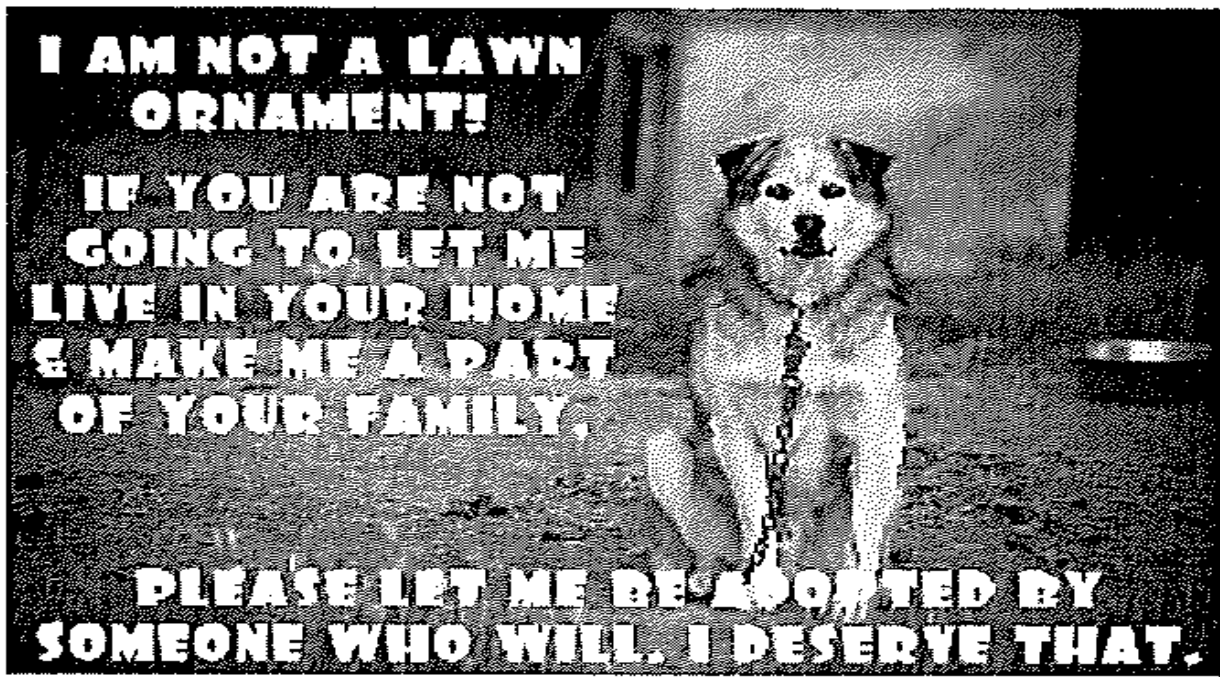

**LITTERING.** Think twice about throwing your trash out your car window or into someone's yard. First, it's rude and selfish. Someone will have to pick it up and most of the time it is the maintenance staff. This takes time and money away from other residents needs. Second, it is against the law. Littering is a Class C violation that is punishable by a fine up to a \$500.00.

**KEEP FURNANCE AND WATER HEATER AREAS CLEAN.** Having too many clothes, boxes, or general clutter in your utility area can be a fire hazard. Please keep yourself and your neighbors safe and keep your utility areas clean. **DO NOT PILE CLOTHES OR OTHER ITEMS ON TOP OF THE WATER HEATER OR FLU AREA.**

**NOISE.** Please be mindful of the level of noise you create. It is our responsibility to keep the sound we make to a reasonable level so we are not disturbing our neighbors. Sometimes, simply communicating with your neighbors and working out an understanding can resolve this and many other problems.

4. How many stock transfers were there?

**SPECIFICATIONS FOR PET OWNERSHIP IN THE HOMES, INC.**

Pets are to be penned, on a tie out or leash at all times they are outdoors.

Dogs at large (not on leash, a tie out or in fenced area) are handled through Animal Control. Complainant should leave name and phone number, telling the dispatcher they want to file a complaint against the dog's owner. Pets should not be tied near street-side sidewalks. These sidewalks are for public pedestrian use and are not to be obstructed.

Residents are allowed no more than two (2) dogs or five (5) cats per unit. Any combination of up to five (5) pets is allowed as long as no more than two (2) are dogs.

Pets required by city ordinance should be licensed and vaccinated for rabies yearly.

Injured and stray-confined animals are handled through Animal Control. Complainant should follow up with Animal Control within 2 hours of first call.

Defecation should be removed from the yard on a regular basis. If the stockholder is unable to do this work for any reason, there are services listed under pets in the yellow pages who do this work for a nominal fee.

If The Homes has to remove excessive pet waste from a stockholder's yard, there will be a \$50.00 charge for each occurrence. Flagrant violations of these specifications can result in eviction under the nuisance clause of The Homes, Inc. Rules and Regulations.

## EVENTS

### **06/02/18 - Turner fishing derby to be June 2**

The annual kids' fishing derby will be held from 8 a.m. to noon Saturday, June 2, at Pierson Park Lake, Shelter No. 2, Douglas and South 55th, Kansas City, Kansas. There will be age divisions for ages 1-3, 4-6, 7-9, 10-12, and 13-15. Registration is at 8 a.m., fishing begins at 8:30 a.m., weigh-ins will be at 11 a.m. and prizes are awarded at noon. For more information, visit [www.turnerrec.org/CommunityEvents.html](http://www.turnerrec.org/CommunityEvents.html).

### **06/06/18 - Mindfulness and meditation program begins June 6**

A mindfulness and meditation program will begin at noon June 6 at the Main Kansas City, Kansas, Public Library, 625 Minnesota Ave. The class will be held each Wednesday. The 30-minute class will cover simple mindfulness techniques to reduce stress and improve well-being. Some persons have said meditation reduces stress, improves attention, energy and empathy for others. A different meditative technique will be introduced each week, with readings and dialogue. Beginners or those who are experienced at meditation may attend. Chairs are provided, and those attending may bring their own meditation cushions.

### **06/08/18 - Movies in the parks program begins June 8**

Movies in the parks are planned this summer through the Unified Government Parks and Recreation Department. The free movies will begin at 8 p.m. on these dates: June 8, "Ferdinand" at Heathwood Park, July 13, "The Star" at Rosedale Park; and Aug. 3, "Jumanji" at Kaw Point Park. Those attending may bring a blanket or a lawn chair.

### **Counseling offered**

The Keeler Women's Center, 2220 Central Ave., is offering individual and couples counseling to women and men who might not otherwise be able to afford counseling. Counseling services are available in Engl. and Span. Nothing is billed. Donations are accepted. Call 913-906-8990 for information.
